## Specification

<b>Model</b>	: HW1901
<b>Rated frequency</b>	: 50 Hz
<b>Rated power</b>	: 2200 W
<b>Rated voltage</b>	: 220V
<b>Water tank capacity</b>	: 5000 ml
<b>Dimension</b>	: W408 x D195 x H338

## Best of Smart Hot Hydrogen Water Dispenser

Smart Hot Hydrogen Water Dispenser allows you to enjoy fresh and safe hot water instantly in your home or office. This product is very important element for human life. The more the dissolved hydrogen in the water for drinking, the higher the efficiency the hydrogen can be taken by body.

Smart Hot Hydrogen Water Dispenser also produces near-boiling temperatures for preparing coffee, tea, soups or other instant or hot meals.

Hydrogen-rich water produced by Hydrochloride Molecule Hydrogen Water System has a negative potential of up to -500 mV and hydrogen content of over 1,000 ppb. simply add drinking water, you can drinking at home without burden.

Hydrogen is an extraordinary natural antioxidant for anti-aging. Because of it small molecular, it can be rapidly absorbed by body. The process can be much easier than other beauty products and health supplements.

## Features

- Water temperature adjustable.
- Portable design with compact size.
- Faster heat-up boil in 3 seconds.
- 5 stage water temperature control.
